

Looking for Sofa? First You should check Top Picks For Sofa from our E-commerce Product Reviewer/Experts.

Bought a new house? Or do you consider redecorating your house? Whatever your plans are, a sofa that suits your lifestyle and comfort needs is a must consider factor.

[HR - Sports Afterpay store has a good range of sofas made with high-quality materials.](#)

Here are our recommendations -

1. 3-SEATER PU LEATHER SOFA BED

A simple PU leather sofa that fits into any budget. It is made with a solid wooden frame that is filled with high-density foam. The legs are made up of metal for better support. The sofa is decently comfortable and is very sturdy. It comes with 2 pillow sized armrests for extra comfort. As it is fairly small in size, it is very practical and utilizes less space. The backrest comes with 3 adjustable modes, also it can be completely folded down and be carried around easily.
